## The Rittenhouse

P5

**Why We Love It:** One of five new suites available at this luxury hotel situated right on Rittenhouse Square, P5 nabbed a prime corner spot on the third floor so you'll be treated to wraparound views of the park through wall-to-wall windows. The Alexandra Champalimaud-designed space marries elegance and sophistication with absolute comfort and features traditional custom furnishings with Art Deco influence and a soothing neutral color palette.
